

PLAN OF STUDY

Lindenwood University provides a pathway to earning a Bachelor of Science in Nursing (BSN) degree. In the first two years, students complete pre-nursing courses covering subjects such as anatomy & physiology, microbiology, medical terminology, and other core courses that build the foundation for their nursing education. These prerequisite years prepare students for admission into the nursing program.

PRE-NURSING COURSES TO BE COMPLETED IN FIRST 2 YEARS

COURSE #	CR
First-Year Seminar	1
Composition I	3
Composition II	3
US Government / History	3
UNIVERSITY GENERAL EDUCATION HUMAN CULTURES REQUIREMENTS
